1980 CUMULATIVE

COATING

All-Environment Rust Protection With Cationic Epoxy Coating
November, p 11

Alsco-Anaconda's High-Speed Disks
August, p 18

Auto Industry in Finishing Revolution
May, p 41

Cathodic Coating for Automotive Parts
June, p 18

Clear Powder Protects Jeep Chrome Wheels
January, p 24

Coil Coaters See Sales Upturn in 1981
December, p 42

Coil-Coating Output Takes Sharp Decline
August, p 39

Custom Coater Opens Door To Success
May, p 16

Death Rate of Coating Workers Below Population Norm
June, p 61

Decorative Technique Combines Silk Screening and Spray Painting
December, p 29

Electrocoating in Red, White Or Blue
March, p 20

Finishes for Steel Appliances
January, p 20

In-Mold Coating Saves Energy and Labor
October, p 31

Meadowcraft Paint Line Saves Energy
July, p 12

Model Plant for Plastics Painting, Decorating
February, p 28

Mora-Tex Meets Motorola's Demands
December, p 50

Plasma Application of Coating
November, p 18

Plater Offers Better Corrosion Resistance With New Electrocoating Line
November, p 30

Precautions in Manufacturing Keep Rust on the Defensive
October, p 36

Scissors System Lifts Hopes And Productivity
November, p 20

Shot Blasting Prepares Truck Beds For Red Oxide Primer
December, p 48

Tonka Too Moves to EDP
April, p 20

Washing and Painting Today's Aircraft
May, p 24

Waterborne Paint Gives Hofmann Industries a Tube that Can Take It
February, p 24

PLATING

Added Plating Capacity Helps Maytag
March, p 24

Clear Powder Protects Jeep Chrome Wheels
January, p 24

Electrodeposition of Aluminum
March, p 31

Engineering Plastics—An ASEP Opportunity
July, p 31

Finest Plating-Galvanizing Facility
August, p 22

How Collins Reclaims Gold Scrap
April, p 24

How Reed & Prince Zinc Plates Fasteners
May, p 30

Improved Finishing With Process Controls
July, p 25

Improving Electroless Nickel Plating
January, p 43

Markets for Vacuum Deposition Grow
March, p 16

Mechanical Galvanizing Offers Advantages
November, p 35

Model Plant for Plastics Painting, Decorating
February, p 28

Plastic Platers Optimistic For the '80s
January, p 47

Plated Plastics: Quality Image Vital
February, p 18

Plater Offers Better Corrosion Resistance With New Electrocoating Line
November, p 30

Plater Turns Fire Woes Into Golden Opportunity
November, p 24

Plater's Control Adds to Profitability
July, p 20

Plating Adhesion Testing Procedure
January, p 28

Plating and Finishing at Shaeffer Eaton
June, p 28

Plating Mineral-Filled Nylon
December, p 24

EDITORIAL INDEX

This index was prepared for readers' convenience in locating articles published in 1980. For copies, please specify title, issue and page number. Send requests to **Industrial Finishing**, *Hitchcock Building, Wheaton, IL 60187.*

Plating Prices—Destined to Rise
January, p 19

Programmable Controllers
October, p 18

Quality Image Rides high At Parker Pen
April, p 14

Recovery Pays at Sommer Metalcraft
June, p 22

Selecting the Right Pump For Plating
August, p 33

SUR/FIN '80
September, p 25

SUR/FIN '80 Technical Program And Exhibitors
June, p 43

Tri-Chrome Takes on New Importance to Platers
November, p 36

HOW TO

Avoid Money Mistakes
March, p 14

Clean Steel Before Electroplating
June, p 57

Electrodeposit Aluminum
March, p 31

Electrolytically Recover Metals From Finishing Operations
April, p 33

Get Maximum Value From Mini-Computers
December, p 46

Improve Finishing with Process Controls
July, p 25

Improve Plant Security
May, p 35

Meet Corrosive Heating And Cooling Requirements
October, p 41

Run Scrubbers at Top Efficiency
September, p 19

Select the Right Pump For Plating
August, p 33

Use Evaporative Recovery in Treating Wastes
November, p 47

Utilize Dry Honing In Finishing
February, p 33

PRETREATMENT

Automated In-Line Polishing
January, p 38

Changing Degreaser Solvent Solves Finish Problem
June, p 30

Cleaning Steel Before Electroplating
June, p 57

Finishing News from the International Machine and Tool Show
December, p 39

Guide to Paint Stripper
August, p 38

Low-Temperature Pretreatment Saves Fuel
April, p 35

Shot Blasting Prepares Truck Beds For Red Oxide Primer
December, p 48

Utilizing Dry Honing in Finishing
February, p 33

Washing and Painting Today's Aircraft
May, p 24

WASTE TREATMENT

Electrolytic Recovery of Metals From Finishing Operations
April, p 33

Handling Hazardous Wastes
December, p 14

Managing Water at Helicopter Plant
January, p 34

Running a Scrubber at Top Efficiency
September, p 19

Use of Evaporative Recovery In Treating Wastes
November, p 47

MANAGEMENT

Avoiding Money Mistakes
March, p 14

Big Solar Energy Growth Forecast
February, p 37

Custom Coater Opens Door To Success
May, p 16

Death Rate of Coating Workers Below Population Norm
June, p 61

Decertification of Unions Picks Up Steam
August, p 14

Getting Maximum Value from Mini-Computers
December, p 46

IF Interviews NAMF's William D. Wiggins
September, p 14

Insurance Against Gradual Exposure
December, p 30

Improving Plant Security
May, p 35

Meeting Corrosive Heating And Cooling Requirements
October, p 41

NAMF's Outlook '80 Focuses On Survival
March, p 37

Plated Plastics: Quality Image Vital
February, p 18

Plater's Control Adds To Profitability
July, p 20

Plating Prices—Destined To Rise
January, p 19

Quality Image Rides High At Parker Pen
April, p 14

West Coast Finisher Proves Sound Business Principles Pay
October, p 26
